Our school family have had a great first full week back of 2023! Lots of new experience such a Hope farm and Board games club for Friday Elective. It's great to see our students of all ages bonding over stories, games and experiences. Science experiments have been in full flow this week too! It's fab to see our students coming back with a bang!

# Safeguarding

This half term staff at ACE Tiverton have been training about Safeguarding our students in the way of PREVENT. This is to educate us all around how we can protect our students from radicalisation. We wanted to share some useful websites and case studies to enable parents and carers to have a greater understanding.

Please be aware that these websites are to support, inform and empower parents and due to the sensitive nature of this subject it would be at parents/carers discretion if they wish to share with their young person.

### Parent Information

Most of us have disagreements about things in our relationship – whether this is related to putting the washing in the basket and not on the floor – spending too much time on the phone, or what to watch on TV!

Not all conflict is damaging, however if those disagreements are frequent, prolonged, not resolved and not dealt with and lead to continual arguing, it can all have a negative impact on children.

Indeed there is a growing body of evidence that shows Children who witness adults shouting, arguing, ignoring each other frequently or for long periods of time, can negatively impact on their self-esteem, mental and physical health, behaviour, academic achievements and relationships with others.

Conflict in relationships can occur in all types of families: between biological parents, step-parents, foster and adoptive parents, parents and grandparents and separated and divorced parents to name just a few.
