

Here are 3 departments that could improve if I get the role

By Zack “TJ” Douglas

Department 1: Food

- ▶ Making food better than every other school in the district.
- ▶ I could make theme days better, such as Halloween could have pumpkin shaped biscuits.
- ▶ Perhaps finding a more cost effective but tastier supplier.

Department 2: IT

- ▶ I could introduce better IT methods.
- ▶ Maybe get in an engineer that's in as much as possible.
- ▶ Maybe find a good ISP?

Department 3: Faculty

- ▶ Maybe there is room in the budget for gifts to teachers every term?
- ▶ Refurbishing the staff room to make it look nice if affordable.
- ▶ Host staff-exclusive trips.

I've already improved the food department,
such as getting rid of that bad cheese and
creamy garlic chicken

- ▶ I've also helped approving chef Steph.
- ▶ Seasonal days were also my idea.

Hope this PowerPoint helps you make an informed decision.
